DATA ELEMENT CHANGES FROM THE 2021-22 CRDC

NO NEW OR REVISED ELEMENTS

Dates

Report a cumulative count based on the entire 2021-22 regular school year, not including intersession or summer.

Skip Logic

This module DOES NOT contain skip logic. However, for the 2021-22 CRDC a new question “SCHR-2: Justice Facility Indicator” has been added to indicate whether or not the school is a justice facility. Schools that answer “No” will skip this entire module.

Justice Facility Types

Pre-adjudication facility	confines pre-adjudicated juveniles. A pre-adjudicated juvenile is an individual (typically under 21 years of age) who has been charged, but who has not participated in the court process that determines whether the juvenile has committed the crime. Post-adjudication facility	confines post-adjudicated juveniles. A post-adjudicated juvenile is an individual (typically under 21 years of age) who has been charged and determined to have committed the crime. Adjudication is the court process that determines (judges) if the juvenile committed the act for which the juvenile is charged.
Pre-conviction facility	confines pre-convicted adults. A pre-convicted adult is an individual (typically 21 years of age or older) who has been charged, but who has not participated in the court process that determines (judges) if the adult committed the act for which the adult is charged.
Post-conviction facility	confines post-convicted adults. A post-convicted adult is an individual (typically 21 years of age or older) who has been charged and determined to have committed the crime.

If you are not a Justice Facility but still have the ability to enter data in these fields, please go to SCHR-2.

Justice Facility Indicator and select 'NO'.

What Modules are skipped for Justice Facilities?

If the school is flagged as a Justice facility, the following modules will be defaulted as not applicable in the submission system:

- APIB: Advanced Placement (AP) & International Baccalaureate Diploma Programme (IB) Enrollment
- SECR: School Security Staff
- ATHL: Single-Sex Interscholastic Athletics
- ARRS: Student Discipline (Referrals to Law Enforcement & School-Related Arrests)

Are there other questions a Justice Facility should skip?

Yes! If the school is flagged as a Justice facility, the following questions in the discipline module (DISC) will be defaulted to not applicable in the submission system:

- DISC-14a: Discipline of Students without Disabilities - Expulsions with Educational Services
- DISC-14b: Students without Disabilities - Transfer to Alternative School
- DISC-15a: Discipline of Students with Disabilities - Expulsions with Educational Services
- DISC-15b: Discipline of Students with Disabilities - Transfer to Alternative School
- DISC-20: Discipline of Students without Disabilities - One or More In-School Suspensions

When to Report Zero (0)

If data are available and applicable for a given school or LEA, but no students fall in that category, then report 0.

Not Applicable (NA)

The online tool remembers information that has been entered in other tables and modules and uses that information to fill related tables with either a Not Applicable (NA) code or zero (0) where appropriate. For example, if it is reported that a school does not have any females who are EL, other tables that ask for counts of females who are EL will be automatically filled with a zero.

When to Use Null Values

When entering data on screen, if a data element does not apply, then leave the cell null (i.e., blank).

When to Use NS

There may be situations where a data value was incorrectly uploaded and needs to be deleted. A null value (i.e., blank) in a file upload will not overwrite an existing value in a field, so in these cases, submit the value "NS" to return the data to a "not submitted" or null status. **Note: NS only applies to file uploads and is not used in the on-screen data entry.**
