

ATHL: Interscholastic Athletics

Module Instructions

DATES

The data reported should be based on the entire 2023–24 school year, including summer, up to one day prior to the start of the following school year.

WHEN to REPORT ZERO (0) and WHEN to USE BLANKS (i.e., NULL VALUES)

Zeros represent an actual count or number for fields that are applicable to a given school or LEA. Report a zero (“0”) only if the LEA has collected the information and the amount to report for that field is zero. Do not report a “0” for data not collected. Leave a field blank if the LEA does not know the answer, does not collect data for that field, or if the question does not apply to the LEA. For additional information, go to:

<https://crdc.communities.ed.gov/services/PDCService.svc/GetPDCDocumentFile?fileId=46278>.

NOT APPLICABLE (NA) and ZERO (0) AUTOFILLS IN TABLES

The online tool remembers information that has been entered in other tables and modules and uses that information to fill related tables with either a Not Applicable (NA) code or zero (0) where appropriate. For example, if it is reported that a school does not have any female students who are EL, then other tables that ask for counts of female students who are EL will be automatically filled with a zero.

KEY DEFINITIONS

Interscholastic athletics refers to team-based organized sports activities that offer competition between schools.

Interscholastic athletics sports refers to distinct sports, such as football, basketball, soccer, swimming, and tennis. Intramural sports and sideline cheerleading are not considered interscholastic athletics sports.

Interscholastic athletics sports teams refers to the competitive-level teams of each interscholastic athletics sport, such as freshman team, junior varsity team, and varsity team.

Nonbinary means not exclusively male or female. Transgender students may be reported as male, female, or nonbinary students.

SPECIAL INSTRUCTIONS

“Students who participate” refers to those students who receive the school-sponsored support normally provided to athletes participating in school-sponsored sports, are participating in organized practice sessions and other team meetings and activities on a regular basis, and are listed on the eligibility or squad lists maintained for each sport. Participation is not contingent upon the actual playing of a game.

If a school cancels the season due to public health concerns (e.g., COVID-19) or a natural disaster (e.g., a hurricane or wildfire) after the team has played its first game, then the school should count the sport, the team, and the participants.

For schools that complete Directional Indicator 1 (DIND-1) and select option “B. We offered only remote instruction because of the coronavirus pandemic,” AND complete Directional Indicator 2 (DIND-2) and select option “B. Students were not physically in the school setting,” the Interscholastic Athletics module does not apply.

For schools that complete the SCHR-1: Fully Virtual School Indicator and select “Yes,” the Interscholastic Athletics module does not apply.

For a school that already disaggregates student enrollment data to include nonbinary students, the nonbinary category in the Interscholastic Athletics module is REQUIRED.

For a school that does NOT already disaggregate student enrollment data to include nonbinary students, the nonbinary category in the Interscholastic Athletics module is SKIPPED.
